

Crystal - Crystal has been working at the library since October of 2024 as a library circulation desk staff. She has been working at Columbia Library since 2017. Currently, she is helping with collection management by weeding books from the collection that have not moved in many years. She loves reading and listening to audiobooks in genres such as non-fiction, historic fiction, psychological thrillers, and occasionally period romances. A great book recommendation would be 'The Measure' by Nikki Erlick.
