

Getting to Know OUR Library Staff

Makhiya “Aki” – Aki has worked for the Daughtery Public Library since September 2024. She’s a future Art major at the University of Missouri–Columbia. Her hobbies include drawing, painting, writing poetry, tattoos, and growing plants. She is inspired to be an Artist and loves to show and talk about all art forms. Aki also loves reading horror books and watching movies when she isn’t drawing. Coraline is her favorite book and movie to watch throughout the year. Lastly, her favorite food is fish, but more specifically sushi and she loves to explore. In all, Aki loves to work with children and is always willing to help!
